

## Invitation to the 2015 China International Pulp Summit

**Dear colleagues,**

The 2015 China International Pulp Summit organized by the China Paper and Pulp Industry Chamber of Commerce (CPICC), to be held in Shanghai from March 24 to March 25, 2015. This two-day summit, which will consist of a gala dinner, the summit, discussion forums, breakfast and lunch meetings, customer meetings, new product promotions, press conferences, on-site displays, and other networking opportunities.

As the leading consumer and producer of paper and board globally, China is also the world's largest importer of pulp and recovered papers. In 2014, wood pulp consumption in China is estimated to amount to 26.3 million tons, of which 17.8 million tons are imported. During the same period, China's recovered paper consumption would reach 72 million tons, with 28 million tons being imported. As one of few growing markets for pulp worldwide, China has become the focal point of the global market pulp sector. The aim of the summit is to provide an effective platform for Chinese paper and board companies, global pulp suppliers, and related service providers to get together and discuss the current and future development trend in the Chinese paper sector and potential impact on the global papermaking fiber markets. We are confident that you will gain a deeper understanding of the Chinese pulp and paper market from this event.

The China International Pulp Summit will bring together industry policy makers, domestic and foreign paper and board producers, global pulp producers, agents/trading companies, logistic companies, consultants, and financial institutions. As the key members of CPICC's Standing Council, CEOs and Presidents from Huatai Group, Sun Paper, Nine Dragons, Bohui Paper, Hengan, Vinda, Tiger Forest and Paper, Dahe Paper, Sunshine Paper, Yongtai Paper, Jingxin Paper, Huajin Group, and Vanov Group will all attend the summit and participate in the closing round table discussion.
